Dear Counsellor, I do referring to documents below.

I ask to You to initiate the formal investigation of my industrial proposal to the GOVERNMENT of IRAN that, actually, it's not Member of WTO.

This is necessary because for international law my invention may be given in joint measure also to other Countries that don't are member of this excellent staff.

Please, will You take this legal proceedings in the defined terms so that not create world confusion.

I am sure that You will follow the exceptional behaviour of Mr. BAN KI-MOON that thanks me every time.

It's up to You to decide and I expect your answer and invitation in very short time.

Best regards from Demetrio Chiodi.

As from 1948 the refuse production of X-ray correspondes to following data:

- at 1950 the world population was 2.555.000.000 (2,555 billions) inhabitants ;
- at 1960 the world population was 3.039.000.000 (3,039 billions) inhabitants ;
- at 2000 the world population was 6.080.000.000 (6,080 billions) inhabitants ;
- at 2009 the world population is.... 6.802.000.000 (6,802 billions) inhabitants ;

The mean of inhabitants in 60 (sixty) years is 4.620.000.000 (4,620 billions) ;

To day the hospital beds are in the world 30.600.000 (30,6 millions) ;

To day the world produced X-ray refuse is 398.000 tons/annually ;

- at 2040 the world population shall be 9.105.000.000 (9,105 billions) inhabitants ;
- at 2040 the world produced X-ray refuse shall be 533.000 tons/annually ;

In function of what I have specify at points a), b), of the mail below of 21.02.2010
the refuse that may be stacked in archives of the World, actually for international
law, it must correspond minimum to 24.000.000 (twenty-four millions) Tons.

With specific e-mail of the 19 February 2010 I have sent you environment gravities
that this quantity of refuse can generate for contamination of the earth, air and
of the water !

IF YOU WANT VERIFY THIS, IT'S ENOUGH TO ASK INFORMATIONS OF WHAT IS THE
WEIGHT CINE-FOTO-RADIOGRAPHIC MATERIAL PRODUCED SINCE 1948 FROM THE
WORLD FAMOUS INDUSTRIES "3M", "KODAK", "ILFORD", AND SO ON !.

OBJECT: INFORMATIVE SUMMARY

I REFER TO RESOLUTION 44/228 GENERAL LEGISLATIVE ASSEMBLY OF U.N. CADRE CONVENTION ON "CLIMATE CHANGE" THAT HAS BEEN SIGNED IN NEW YORK AT 1992.09.09, PASSED TO FEDERAL ASSEMBLY 1993.09.23, RATIFIED AND BEGINNED IN FORCE AT 1994.03.21 :
(STATO 22 JANUARY 2010)

THE CONVENTION PARTS:

- IT'S REMINISCENT THE CONFORMITY THAT UNITED NATIONS DOCUMENT AND PRINCIPLES OF INTERNATIONAL LAW ESTABLISH THAT STATES HAVE SUPREME RIGHT TO EXPLOIT THEIR RESOURCES IN FUNCTION OF THEIR POLITICS IN THE ENVIRONMENT AND DEVELOPMENT, AND THAT THEY HAVE THE LIABILITY TO ASSURE THAT DEVELOPED ACTIVITIES IN THEIR SUBJECT JURISDICTION TERRITORY OR CONTROL MASTN'T TO BE CAUSE OF THE ENVIRONMENT DAMAGES IN THE OTHER STATES OR REGIONS ;
- CONFIRMING THE PRINCIPLE OF SUPREME RIGHT OF THE STATES INTO THE INTERNATIONAL CO-OPERATION TO FACE AT CLIMATE CHANGE ;
- ADMITTING THAT STATES MUST ADOPT AN ENVIRONMENTAL EFFECTIVE RULE AND THOSE RULES, THE OBJECTIVES AND THE MANAGEMENT PRIORITY MUST REFLECT THE ENVIRONMENTAL AND DEVELOPABLE CONDITION JUST LIKE IT'S APPLIED, AND THE APPLIED RULES BY SOME COUNTRIES CAN'T BE ADEQUETES AND THEY CAN PUT UP WITH ECONOMICAL/SOCIAL UNJUSTIFIED EXPENSES AT OTHER COUNTRIES, PARTICULARLY IN DEVELOPPING COUNTRIES ;
- TO REMIND RESOLUTION PURVIEWS OF GENERAL ASSEMBLY 44/228, 1989.12.22 CONCERNING THE U.N. ENVIRONMENT/DEVELOPMENT CONFERENCE, AND RESOLUTIONS 45/53 OF 1988.12.06, 45/212 OF 1990.12.21 AND 46/169 OF 1991.12.09 WORLD CLIMATE PROTECTION FOR THIS & NEXT HUMAN PROCREATION ;
- TO REMIND RESOLUTION PURVIEWS OF GENERAL ASSEMBLY N. 44/206 OF 1989.12.22, CONCERNING THE POSSIBLE NEGATIVE EFFECTS OF SEA-WATER INCREASE ON ISLANDS AND COASTS, PARTICULARLY ON SHALLOW SEASIDE LEVELS, AND THE RELEVANT RESOLUTION PURVIEWS OF GENERAL ASSEMBLY N. 44/172 OF 1989.12.19 ON THE REALIZATION OF ACTION PLAN TO FIGHT OF UNINHABITED ;
- BESIDES TO REMIND VIENNA CONVENTION OF 1985 FOR PROTECTION OZONE STRATUS AND MONTREAL PROTOCOL OF 1987 ON THE MATTERS THAT REDUCE OZONE STRATUS, AS WELL AS ADAPTED AND MODIFIED AT 1990.06.29 ;
- TAKING NOTE OF MINISTERIAL DECLARATION CLIMATE SECOND WORLD CONFERENCE, ADAPTED AT 1990.11.07 ;
- CONSCIOUS OF THE PROMINENT ANALYTICAL WORK THAT IT'S CARRIED OUT FROM THE U.N. ENVIRONMENT PROGRAMME THAT MUST CAUSE TO THE TRADE OF SCIENTIPHIC RESEARCH RESULTS AND TO THEIR EXECUTIVE CO-ORDINATION OF SOCIAL ENVIRONMENT SAFEGUARD ;
- ADMITTING THAT TO UNDERSTAND AND TO FACE CLIMATE CHANGES IT'S VERY INDISPENSABLE THAT INITIATIVES MUST BE MORE EFFECTIVE IN ENVIRONMENT, ECONOMICAL AND SOCIAL PLAN, IF THEY ARE BASED ON RELEVANT SCIENTIPHIC, TECHNICAL AND ECONOMICAL COMMENTS AND ARE APPLIED IN CONSIDERATION OF THE GREATEST ATTAINED RESULTS WITH CLAIM " INVENTION " ;
- CONVICTED THAT THE ACTIONS TO ADOPT TO FACE THE CLIMATE CHANGE THEY MUST BE CO-ORDINATED IN INTEGRATED FORM WITH ECONOMICAL AND SOCIAL DEVELOPMENT OUTSTRETCHED TO THE GROWTH OF THE COUNTRIES THROUGH DEVELOPMENT AND WITH ELIMINATION OF THE POVERTY ;
- ADMITTING THE NECESSITY OF THE ALL COUNTRIES TO INCREASE THE EFFICIENCY OF ENERGETICS PRODUCTION AND TO KEEP A CHECK ON THE GAS EMISSION FOR GREENHOUSE EFFECT, IT RESULTS NECESSARY THE APPLICATION OF SCIENCE TO INDUSTRY WITH THE NEW SCIENTIFIC TECHNOLOGY TO RECOVER OF THE URBAN ASSIMILABLE REFUSE (developed X-ray) WITH ITS TOTAL RECYCLING.

- Direttore Divisione TRIPS Sig. Adrian Otten

ai: 153 GOVERNI MEMBRI del W.T.O. e di tutti i PAESI, AD OGGI, NON FACENTI PARTE.

La produzione dei rifiuti X-ray dal 1948 corrisponde ai seguenti dati minimi:

- nel 1950 la popolazione mondiale era 2.555.000.000 di abitanti ;
- nel 1960 la popolazione mondiale era 3.039.000.000 di abitanti ;
- nel 2000 la popolazione mondiale era 6.080.000.000 di abitanti ;
- nel 2009 la popolazione mondiale è ...6.802.000.000 di abitanti ;

Ne consegue che la popolazione media mondiale degli ultimi **60 anni** è **4.620.000.000** ;

Oggi i posti letto ospedalieri nel mondo sono **30.600.000** ;

Oggi la produzione mondiale di rifiuto X-ray corrisponde a **398.000 tons/anno** ;

Nel 2040 la popolazione mondiale sarà **9.105.000.000** di abitanti ;

Nel 2040 la produzione mondiale di rifiuto X-ray sarà **533.000 tons/anno** ;

In funzione di quanto ho specificato ai punti a), b) dell'e-mail inviatoVi il 21.02.2010 la quantità di rifiuto X-ray che si deve trovare accumulato negli archivi mondiali, ad oggi per Legge internazionale, deve corrispondere ad un minimo di **24.000.000 tons.** ;

Se si vuole verificare ciò, è sufficiente chiedere informazioni sul peso del materiale cine /foto/radiografico prodotto dal 1948, alle più famose industrie mondiali: **3M, KODAK, ILFORD, etc. !.**

Oggetto: RIASSUNTO INFORMATIVO

Mi riferisco alla Risoluzione 44/228 dell'Assemblea Generale U.N. - CONVENZIONE QUADRO SU "CAMBIAMENTO CLIMATICO" che è stato sottoscritto a N.Y. il 9.9.1992, approvato dall'Assemblea Federale del 23.09.1993, ratificata e divenuta esecutiva il 21.03.1994 ,
(Stato 22 Gennaio 2010)

LE PARTI ALLA CONVENZIONE:

- ricordando che in conformità a Carta N.U. ed a tutti i principi di diritto internazionale gli STATI hanno il diritto sovrano di sfruttare le loro risorse in rapporto a loro politiche in campo ambientale e sviluppo ma hanno la responsabilità di garantire che le attività svolte nel territorio soggetto a loro giurisdizione o al loro controllo non causino danni all'ambiente di altri Stati o di Regioni al di fuori della loro giurisdizione nazionale ;
- confermando il principio della sovranità degli Stati nella cooperazione internazionale per far fronte ai cambiamenti climatici ;
- riconoscendo che gli Stati devono adottare una efficace normativa ambientale e che le norme ambientali, gli obiettivi e le priorità di gestione devono riflettere lo stato di ambiente e di sviluppo a cui si applicano, e che le norme applicate da alcuni Paesi possono anche essere inadeguate e quindi comportare ingiustificati costi economici e sociali nel caso di altri Paesi, in particolare nei Paesi in sviluppo ;
- ricordando le disposizioni della Risoluzione dell'Assemblea Generale n. 44/228 del 22.12.1989 relativa alla Conferenza delle N.U. sull'ambiente e sullo sviluppo, e tutte le Risoluzioni n. 45/53 del 6.12.1988, 45/212 del 21.12.1990 e 46/169 del 9.12.1991 sulla protezione del clima mondiale per le presenti e future generazioni del genere umano ;
- ricordando anche le disposizioni di Risoluzione dell'Assemblea Generale n. 44/206 del 22.12.1989, concernente i possibili effetti negativi dell'aumento del livello del mare sulle isole e zone costiere, in particolare sulle zone costiere di basso livello, e le pertinenti disposizioni della Risoluzione dell'Assemblea Generale n. 44/172 del 19.12.1989 sulla attuazione del piano di azione per combattere la desertificazione ;
- ricordando inoltre la Convenzione di Vienna per la protezione dello strato di ozono del 1985 ed il Protocollo di Montreal sulle sostanze che riducono lo strato di ozono del 1987, quali adeguati e modificati il 26.12.1990 ;
- prendendo atto di Dichiarazione Ministeriale della Seconda Conferenza mondiale sul Clima, adottata il 7.11.1990 ;

- consapevoli del rilevante lavoro analitico che viene svolto su programma ambiente delle N.U. e che deve apportare allo scambio internazionale della ricerca scientifica ed al loro coordinamento esecutivo di salvaguardia ambientale ;
- riconoscendo che tutte le iniziative atte e necessarie a comprendere e fronteggiare i cambiamenti climatici sono più efficaci sul piano ambientale, economico e sociale, se sono basate su pertinenti considerazioni scientifiche, tecniche ed economiche e sono applicate nelle considerazioni dei risultati raggiunti a titolo di "INVENZIONE" ;
- convinti che i provvedimenti da adottare per fronteggiare i cambiamenti climatici devono essere coordinati in forma integrata con lo sviluppo economico e sociale protendente alla crescita dei Paesi in via di sviluppo ed eliminazione della povertà ;
- riconoscendo la necessità di tutti i Paesi all'aumento di una maggiore efficienza energetica e di controllare l'emissione di gas ad effetto serra, è indispensabile la applicazione delle nuove tecnologie scientifiche di totale Recupero e riciclaggio dei Rifiuti Speciali Assimilabili agli Urbani (quali sono le lastre e pellicole sviluppate) !.

Cordiali saluti.

Esimio Comandante della Stazione Carabinieri di San Demetrio Corone (CS),
Le faccio riferimento a Suo e-mail di giovedì 2 marzo 2006, allorquando, a debito riscontro di mia richiesta di controllo del mio prototipo industriale a brevetto mondiale IT0228701Y1 da Voi assoggettato a "black-out" per voluta imposizione scritta della Regione Calabria e del Sindaco di questo Comune, Ella ebbe a notificarmi che " **L'IMPIANTO A BREVETTO SI PRESENTA IN DISCRETE CONDIZIONI GENERALI E CHE NEL CORSO DEL SOPRALLUOGO NON SONO RISCONTRATE ANOMALIE**".

Voglia gentilmente notiziarmi, attraverso Suo cordiale sopralluogo, quale è lo stato dell'impianto medesimo e la relativa ubicazione che per legge non può essere stata modificata né alterata in qualità di pubblica utilità e di servizio per tutta la popolazione mondiale in forza di norme ONU.

Resto in attesa di Suo cordiale riscontro che vorrà inviare, entro i 30 giorni dalla presente anche a tutte le 153 Istituzioni Pubbliche Internazionali facenti capo a WORLD TRADE ORGANIZATION di GINEVRA ed al Segretario delle Nazioni Unite Mr. BAN KI-MOON, a cui mi pregio ratificare con tre invii e-mail. Cordiali saluti.

Contemporaneous is the dispatch of this document to the most member States of the excellent
ONU World Organization : WIPO_TRIPS_WTO .

**REQUEST:- CONFERENCE of MINISTER, with advice of T.R.I.P.S. COUNCIL
1994 AGREEMENT, to
provide a valid World International Protection for my intellectual royalties.**

PRELIMINARY REMARK

a) **WIPO** has been founded with purpose of "to promote through international cooperation the
creation, dissemination, use and protection of human mind for economical, cultural, social,
and to-day preliminarily environment, progress of all humanity".

At 1974 this Organization got a specialized Bureau with **ONU** and in 1996 it has agreed in **WTO**

with one's own functions that have emphasized the growing importance of intellectual property

(copyright) in the international business;

b) **TRIPS** has been adopted at 1994.04.15 by means of "**AGREEMENT CONCERNING TO RELEVANT ROYALTIES TO TRADE**".

All this to help a sufficient and effective protection of an intellectual property (copyright, project,

patent with know-how and secret industrial/commercial informations) and working so that steps

and procedures to put into practice don't must be obstacle to lawful trade;

c) **WIPO** and **TRIPS** with all these factors help to make it a success!;

d) It so happens that the fundamentals "**III° Section TRIPS Imposition Established Requirements**":

- to have laws on intellectual property it's not sufficient. These laws must be applied !;
- the international agreement fixes that **GOVERNMENTS** must guarantee that royalties

may

be applied under its laws, and that the sanctions for violations may be rather severes so

that to spring a deterrent for further transgressions;

- it's point connection out between the intellectual property protection and technological

development at article 7 TRIPS Regulation. This is very important to-day for total recovery

and recycling Urban Assimilable Refuse (just like developed X-ray) in the best environment

for interest of consumer and producer citizens;

e) My demand to **WTO** is liable to the principle egalitarian treatment of several different Peoples;

f) It's defined in **UNIVERSAL CONVENTION** the legal times and various form of protection royalties.

My possible resolution does not depend on me but by definitive behaviour of Italian Government

within 2010.04.30;

g) I should like to specify to Excellent WTO ORGANIZATION, personally Mr. Pascal Lamy in function

of Director General, that the divulged provision of CALABRIA Dialect Pronunciation n. 1288/1996

to carry out the industry for recovery and recycling 1320 tons/annual of urban assimilable refuse

has been laid down in force of (ex article 3bis Law n. 441/1987) actually Legislative Decree nr.

22/1997 article 27.5 : **"the assent substitutes to every effects the endorsements, the opinions,**

the authorizations and concessions of regional, provincial and municipal orders. The same

assent is variant to town-planning, it's declared of public utility, urgency and work that can't

be deferred". This article has been confirmed on provision 91/156/CEE - G.U. n. 38 of 1997.02.15;

h) **The legal analysis of what I have expressed**, that may be verified in archives of the site demetrio

chiodi on GOOGLE, **it marks that I can't to be defined PRIVATE INDIVIDUAL or ENTERPRISE or**

ENTITY because it's ILLEGAL the EXISTENCE of PUBLIC UTILITY OUTSIDE of ME.

The PATENT n. 00228701 that has been adjudicated TO ME by Italian Ministry Industry-Trade-

Craftsmanship quotes DEMETRIO CHIODI "INVENTOR" of:

"INDUSTRIAL CHEMICAL-PHYSICAL PLANT OF ASSIMILABLE URBAN SPECIAL REFUSE

AND THEM TOTAL TREATMENT-GETTING RID WITH INTEGRAL RECOVERY OF RAW

SECOND MATERIALS AND RECYCLING IN CLOSED CIRCUIT OF PRIMARY PROCESSING WATER".

i) I should like to know how TRIPS COUNCIL thinks for protection of mine intellectual property;

OUTCOMES

THE APPLICANT DOES CONFIRMATION OF ALL WHAT IN PRELIMINARY REQUEST OF 2010.01.31

Yours faithfully
Demetrio Chiodi

l) The demand and supply of use my intellectual property is served to WTO also for all Countries
that can't receive this e-mail;

Hello,

Thank you for your recent enquiry.

The World Trade Organization is an intergovernmental organization, bodies and procedures of which are accessible only to Members of the organization, i.e. countries or customs territories, and not to individuals or enterprises. Private individuals and entities that seek to raise issues relevant to international trade at the WTO must do so through their respective governments. Accordingly, we would advise you to contact relevant domestic authorities.

We hope you find this information helpful.
